

Accuracy. Integrity. Confidence.

Certificate of Analysis

COA Number	PL-260513-001-PERPETUAL
Client	Perpetual Peptides
Search Code	PL-260513-001-PERPETUAL
Received Date	05/11/2026
Reported Date	05/14/2026

Sample Information

Product	GLOW 70 mg
Net Content	72.8 mg
Identity	BPC-157 / TB-500 (Tbeta4) / GHK-Cu

Batch Information

Lot	BBG7002122026
Result	Completed
Appearance	Blue Lyophilized powder

Analytical Method: Summary certificate referencing completed analytical reports for the submitted blend sample.

Package Summary	Result
HPLC / Heavy Metals / Endotoxin	Completed

Results

HPLC blend purity	99.45%
Heavy metals	As Cd Pb Hg (Not detected)
Endotoxin	0.02 EU/mL - Pass
Evidence	Individual study PDFs attached / referenced

Comments: Full package summary for the submitted blend sample. Individual study reports should be retained as supporting evidence. Endotoxin interpretation depends on method, acceptance limit and sample preparation.

COA #: PL-260513-001-PERPETUAL

This certificate refers exclusively to the submitted sample identified above. Results are provided for research, informational and quality documentation purposes only and are not intended for human consumption, clinical, diagnostic, therapeutic, dosing or regulatory approval use. Interpretation should be performed by qualified professionals.

SCAN TO VERIFY

HPLC Peak Assignment

Compound	Peak / RT	Reported amount
BPC-157	RT / peak assignment	10.4 mg
TB-500 (Tbeta4)	RT / peak assignment	11.1 mg
GHK-Cu	RT / peak assignment	51.30 mg

Endotoxin Context

Method	LAL endotoxin test
Acceptance limit	Acceptance limit: < 0.1 EU/mL
Sample prep	Reconstitution concentration not specified in source report.
