

Accuracy. Integrity. Confidence.

Certificate of Analysis

COA Number	PL-260523-8IX7
Client	Perpetual Peptides
Search Code	PL-260523-8IX7
Received Date	05/16/2026
Reported Date	05/22/2026

Sample Information

Product	Tesamorelin10mg
Net Content	10.8 mg
Identity	Tesamorelin

Batch Information

Lot	PER-26B02-01
Result	Completed
Appearance	White Lyophilized powder

Analytical Method: Summary certificate referencing completed analytical reports for the submitted blend sample.

Package Summary	Result
HPLC / Heavy Metals / Endotoxin	Completed

Results

HPLC	99.45%
Heavy metals	As Cd Pb Hg (Not detected)
Endotoxin	0.03 EU/mL - Pass
Evidence	Individual study PDFs attached / referenced

Comments: Full package summary for the submitted blend sample. Individual study reports should be retained as supporting evidence. Endotoxin interpretation depends on method, acceptance limit and sample preparation.
